14	EEC Staff Salaries	\$ 19,869.48
15	Other	\$ 300.00
-	Total	\$ 32,133.76

VI. SCHOOL-FACING PROBLEMS AND SOLUTION

- During the rainy season, flooding at the school causes damage to the garden.
 - It is requested to elevate the garden area to prevent further harm.
- The yard in front and behind the classrooms is located next to neighboring houses and toilets, which results in noise pollution, unpleasant odors, and water leakage from the toilets into the school grounds.
 - It is requested to build higher fences around the school, particularly near the villagers' houses and toilets, to mitigate these issues and reduce disturbances.
- There is a shortage of teaching materials.
 - It is recommended to equip every classroom with a SMART TV (3 classrooms in total).
- Work progress is hindered by the use of outdated computers that are over 10 years old.
 - It is requested to purchase new computers for 5 staff members to improve efficiency.
